

MSCS – General Option

With the general option, there are no defined plans as there is minimal course sequencing. Students should develop a plan to meet all of their requirements. Please use the course frequency chart to plan courses.

Notes:

-

		5		x	x
CPSC 5800	Ethics & Professional Issues in Computing	2	x	x	
CPSC 5890	Seminar	3	x		x
CPSC 5990	Graduate Research Project	4	*see note below		
	Algorithms (CPSC 5600 or CPSC 5610)	5	5610	5600	5610
	Systems (CPSC 5510 or CPSC 5520)	5	5520	5520	5510
	Software Dev. Course (five options)	5	x	x	x

* CPSC 5990 is not a scheduled course, requires finding a faculty member willing to supervise a research project. It can start in any quarter but needs to be secured in the quarter prior to starting the project.
